Reasons for Allowance

It should be noted that the applicant filed the new Figure 1 of drawing on 2/8/06.

Claims 1-26 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding claim 1, the closest prior art of record, applicant's admitted prior art (Fig. 1 of drawing) does not disclose the following limitations: the functional limitations of the means. Regarding claims 11, 15 and 21, the closest prior art of record, applicant's admitted prior art (Fig. 1 of drawing) does not disclose the following limitations: Operable in a cutoff mode when the input signal is near a cutoff frequency to inhibit the development of the common mode feedback value on the output. Regarding claim 24, the closest prior art of record, applicant's admitted prior art (Fig. 1 of drawing) does not disclose the following limitations: Disabling application of the feedback value to the input of the amplifier when the frequency of the input signal is near the cutoff frequency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
